Prof. Chimay J. ANUMBA

Professor, Pennsylvania State University, USA

Prof. Chimay serves as the Head of the Department of Architectural Engineering. He is a past Chair of the European Group for Intelligent Computing in Engineering and was recently on the governing Council of the Institution of Civil Engineers. His research interest include advanced engineering informatics, artificial intelligence/knowledge-based systems/knowledge management, concurrent engineering in construction, distributed collaboration etc.

ABOUT THE CONFERENCE

This Conference is an event jointly organised by the Department of Building and Real Estate of The Hong Kong Polytechnic University, the School of Management of Zhejiang University, the Hong Kong Institute of Value Management and the Chinese Society of Value Engineering. With the global urge to address the need of sustainable development through innovative approach, this Conference aims to explore "Innovations in the Value Methodology". We expect participants from academia and industries around the world to attend this Conference, to join the presentation and discussion sessions, to master concepts behind the Value Methodology (VM) and to put it into practical use.

LANGUAGE

English is the official language for all presentations and publications adopted in this Conference.

ABOUT HONG KONG

Hong Kong is a Special Administrative Region of the People's Republic of China. Following British rule from 1842 to 1997, China assumed sovereignty under the 'one country, two systems' principle. Hong Kong is a vibrant city, and a major gateway to China. At the south-eastern tip of China, Hong Kong covers Hong Kong Island, Lantau Island, the Kowloon Peninsula and the New Territories, including 262 outlying islands. Between Hong Kong Island and the Kowloon Peninsula lies Victoria Harbour, one of the world's most renowned deep-water harbours.

ORGANISERS

The Hong Kong Polytechnic University (HKPolyU)

(<http://www.polyu.edu.hk>)

The HKPolyU aims to be a leading university that excels in professional education, applied research and partnership for the betterment of HK, the nation and the world by increasingly effective global network which further facilitates educational and research development, enhancing the academic and cultural exchanges.

The Zhejiang University

(www.zju.edu.cn/english)

Zhejiang University was founded in 1897 and was one of the earliest modern academies of higher learning established in China. Zhejiang University has always been committed to cultivating talent with excellence, advancing science and technology, serving for social development, and promoting culture, with the spirit of the university motto "Seeking the Truth and Pioneering New Trails".

The Hong Kong Institute of Value Management (HKIVM)

(www.hkivm.org)

The HKIVM was formally established in 1995 as a non-profit making organisation dedicated to the promotion of the use of Value Management in Hong Kong. Over the past years, the HKIVM has hosted several conferences, conducted a number of training workshops, and regularly published the 'Value Manager' journal.
